Dear Mr. Cline:

Enclosed is a permit modification to Solid Waste Permit No. 300491 for the operation of Homer City Generation, L.P. – Homer City Ash Disposal Site issued in accordance with Article V of the Solid Waste Management Act, 35 P.S. Sections 6018.101, et seq.

This modification approves the following:

This permit is modified in accordance with the Minor Permit Modification entitled, “Minor Permit Modification – Stage V Permit Boundary Reduction.” The application was received on November 6, 2025. The modification removes the previously approved Stage V permit area and reduces the permit boundary from 419.6 acres to 272.1 acres. Stage V has not been constructed.

As a result of this Minor Permit Modification, Homer City Generation, L.P. permit issued January 8, 2020, has been modified.

Please add the attached Form 13-A to your operating permit. Please note that the original operating permit expiration date of January 8, 2030, remains unchanged.

Compliance with the terms and conditions set forth in the permit are mandatory. Please note that issuance of this plan does not eliminate the necessity to comply with all federal, state, or local requirements at the facility.
