Re: Draft NPDES Permit- Industrial Waste
Tri County Ind Inc.
Application No. PA0263664
Authorization ID No. 1288854
Liberty Township, Mercer County

Dear Mr. Vogel:

The Department of Environmental Protection (DEP) has prepared the enclosed draft NPDES permit for your review and comment.

Also enclosed is a copy of a public notice that, in accordance with DEP regulations at 25 Pa. Code § 92a.82(b), you are required to post near the entrance to your premises and, if the facility or discharge location is remote from these premises, at the entrance to the facility or at the discharge location. These postings shall remain for 30 days.

DEP will publish notice of the draft permit in the Pennsylvania Bulletin in the near future. You may provide written comments on the draft permit up to 30 days following publication of this notice. Following the 30-day public comment period (which may be extended by 15 days at DEP's discretion), DEP will consider any comments received and make a decision on whether to issue a final permit.

The draft permit contains a number of reporting requirements, including the submission of Discharge Monitoring Reports (DMRs) and Supplemental Reports. These templates are not attached to the draft permit. DMR(s) will be issued with the final permit and will include all monitoring requirements in Part A of the permit. DEP's standard Supplemental Reports are available on DEP's website (visit www.dep.pa.gov/edmr and select "Supplemental Reports"). A checklist will be prepared for the final permit as an inventory of the Forms that will need to be submitted as attachments to the DMR.

Please be advised that you must obtain a Water Quality Management (WQM) permit from DEP for construction of treatment facilities and complete construction in accordance with the WQM permit application prior to commencing discharges authorized by this permit.

Mr. Edward Vogel
