RE: Adelpia Gateway Pipeline Project (ESG010019001)
Major Modification/ Amendment Notification- Act 14, 97 P.S. § 510-5
JMT No: 18-00672-006

Dear Mr. Greg Lippincott:

This municipal notice, under the requirements of Act 14, 97 P.S. § 510-5, is to inform you that we are pursuing a major amendment for the ESCGP-3 issued by DEP to the Adelpia Gateway Pipeline Project (ESG010019001). The following is the relevant project information, note that the bolded sites are the only sites within your jurisdiction that will be included as part of the amendment.

Applicant Contact: Mark Valori, Adelpia Gateway, LLC

Project Location: Quakertown Compressor Station: near intersection of Rich Hill Rd and Whaland Rd in Trumbauersville, PA

Project Description: The Adelpia Gateway Pipeline is an 84-mile pipeline that runs from Martins Creek to Marcus Hook. Facility upgrades will occur to thirteen (13) sites along the pipeline: **Quakertown Compressor Station**, East Perkiomen Blowdown, Skippack Pike Meter Station, Schuylkill River Blowdown, Cromby Blowdown, French Creek Blowdown, Pickering Creek Blowdown, Mainline Valve 2, Paoli Pike Blowdown, Chester Creek Blowdown, Mainline Valve 1, Transco Meter Station, and Marcus Hook Compressor Station.

Revisions included in Major Amendment: Quakertown Compressor Station is split along the border of Richland Township and West Rockhill Township in Bucks County. This site will undergo facility upgrades, including a new building proposed in a currently vegetated area. There is a post construction stormwater management (PCSM) plan to mitigate for the increase in impervious area. This plan includes a subsurface modular crate storage system. The total limit of disturbance (LOD) is approximately 302,013 square feet.

This project was previously approved by PADEP in August 2020. An amendment is being submitted due to a increase of LOD and revisions to erosion and sediment controls.

Enclosed is a complete copy of the Notice of Intent (NOI) completed by the applicant for this project as well as copies of the erosion and sediment control plan and post construction stormwater management plans.

Sincerely,

JOHNSON, MIRMIRAN & THOMPSON, INC.

RE: Adelphia Gateway Pipeline Project (ESG010019001)
Major Modification/ Amendment Notification- Act 14, 97 P.S. § 510-5
JMT No: 18-00672-006

Dear Mr. Paul Stepanoff, PE:

This municipal notice, under the requirements of Act 14, 97 P.S. § 510-5, is to inform you that we are pursuing a major amendment for the ESCGP-3 issued by DEP to the Adelphia Gateway Pipeline Project (ESG010019001). The following is the relevant project information, note that the bolded sites are the only sites within your jurisdiction that will be included as part of the amendment.

Applicant Contact: Mark Valori, Adelphia Gateway, LLC

Project Location: Quakertown Compressor Station: near intersection of Rich Hill Rd and Whaland Rd in Trumbauersville, PA

Project Description: The Adelphia Gateway Pipeline is an 84-mile pipeline that runs from Martins Creek to Marcus Hook. Facility upgrades will occur to thirteen (13) sites along the pipeline: **Quakertown Compressor Station**, East Perkiomen Blowdown, Skippack Pike Meter Station, Perkiomen Creek Blowdown, Schuylkill River Blowdown, Cromby Blowdown, French Creek Blowdown, Mainline Valve 2, Paoli Pike Blowdown, Chester Creek Blowdown, Mainline Valve 1, Transco Meter Station, and Marcus Hook Compressor Station.

Revisions included in Major Amendment: Quakertown Compressor Station is split along the border of Richland Township and West Rockhill Township in Bucks County. This site will undergo facility upgrades, including a new building proposed in a currently vegetated area. There is a post construction stormwater management (PCSM) plan to mitigate for the increase in impervious area. This plan includes a subsurface modular crate storage system. The total limit of disturbance (LOD) is approximately 302,013 square feet.

This project was previously approved by PADEP in August 2020. An amendment is being submitted due to a increase of LOD and revisions to erosion and sediment controls.

Enclosed is a complete copy of the Notice of Intent (NOI) completed by the applicant for this project as well as copies of the erosion and sediment control plan and post construction stormwater management plans.

Sincerely,

JOHNSON, MIRMIRAN & THOMPSON, INC.
