Subject: Bishop Tube HSCA Site Request for Information

Dear Mr. Armstrong:

This letter is in response to the January 30, 2008 letter sent to Mr. Scott Love, Branch General Manager of the Malvern (West Chester) Safety-Kleen Systems, Inc. (Safety-Kleen) facility located at 1140 Greenhill Road, West Chester, PA 19380. The Pennsylvania Department of Environmental Protection (PADEP) is seeking information concerning a release and/or threat of release of hazardous substances into the environment from the former Bishop Tube Company in Frazier, East Whiteland Township, Chester County, PA.

Safety-Kleen has researched our records from our electronic archives for services performed for the Bishop Tube Company or by any other name that was included in your letter, or had "Bishop" in the name at the stated location. Attached are 2 tables for services provided. The first table is for waste services Safety-Kleen provided to "The New Bishop Tube Co." and the second table is for services Safety-Kleen provided to "Bishop Equipment Manufacturing."

All Services provided were for solvent services. Solvent was picked up at the Bishop Tube Company by a Safety-Kleen representative, brought back to the Malvern facility, bulked into an aboveground storage tank (AST), and then transported to the Safety-Kleen recycling center in Linden NJ. Safety-Kleen has no records of releases or spills of hazardous substances at that location.

We hope this information is what you were seeking. Feel free to contact me at 610-429-3518 if you have any questions.

Sincerely,

Robin A. Hoy, CHMM  
Environmental, Health & Safety Manager

cc Scott Love, Safety-Kleen
