**Comments/Recommendations:** Enforcement since last FCE  Yes  No (If yes, attach summary)  
 I arrived on site at 1:30 pm to conduct a complaint investigation inspection regarding dust. I met with Charlie Elwell who gave me a tour of the facility. The primary crusher was not in operation but I observed where the new water spray bar had been placed near the jaw. I did not observe any dust being kicked up from trucks driving around the site, and I was told that the water truck was full and ready to be used if necessary. Mr. Elwell told me that the crusher had been operating this morning around the time the complaint was made.
