## **Administrative Record**

RE: Westinghouse Electric Corporation
Beaver Plant
Vannat Township

Vanport Township Beaver County

Dear Ms. LeGouloon:

As discussed during our meeting of September 8, 1988, the Department is performing assessments on the Westinghouse, Beaver Plant (facility) and the Beaver Sand & Gravel Quarry (quarry). Attached is a copy of a township map indicating the general locations of these sites. This assessment is being performed in accordance with Section 104(b) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended by the Superfund Amendment and Reauthorization Act (SARA) of 1986.

Pursuant to the authority of Section 104(e) of CERCLA, the Department is requesting Westinghouse Electric Corporation provide information regarding the generation, treatment, storage and/or disposal of hazardous substances, as defined in CERCLA, Section 101 (14) at the facility and the disposal of hazardous substances by or on the behalf of Westinghouse Corporation at the quarry. Copies of any documents on any media, concerning these activities should be submitted with your reply.

Your reply should address, but not be limited to, the following items:

- 1. What hazardous substances were generated, treated, stored or disposed of at the facility?
- What quantities of hazardous substances were generated annually at the facility?
- 3. Where in the facility were hazardous substances generated, treated, stored or disposed? Include, but not limited to, the location of bulk storage areas, tanks, drum storage areas, lagoons, land application areas, disposal areas, treatment areas, and piping systems used to convey hazardous substances.

What were the methods used to treat, store, and/or dispose of hazardous substances at the facility?

Where were hazardous substances disposed of off-site? Include name, address, phone number, contact person; identify the hazardous substances, quantity and methods of disposal or treatment.

- 6. Identify transporters, including name, address, phone number, and contact person used to transport hazardous substances off-site for disposal or treatment. If Westinghouse Corporation owned, leased or operated the vehicles that were used, state so.
- 7. Identify transporters, including name, address, phone number and contact person used for on-site transportation of hazardous substance for disposal or treatment.
- 8. Identify any individual, company, corporation, or entity who arranged for the off-site treatment or disposal of hazardous substances. Include name, address, phone number, contact person.
- 9. In addition to the facility, where within the Westinghouse Corporation could records (copies, originals, microfiche, electronic storage, etc.) pertaining to the facility and quarry be stored? Include name, address, phone number, and name of contact person.
- 10. Identify any hazardous substances that Westinghouse Corporation disposed of at the quarry. Include quantities, dates, transporters.

Your reply should be provided to the Department within fourteen (14) days of receipt of this letter. If you have any questions, feel free to contact me at 412/645-7100.

Sincerely,

James R. Shack Project Officer Hazardous Site Section
