SUBJECT: VANPORT TOWNSHIP MUNICIPAL AUTHORITY  
CONTRACT 89-1  
WATER SUPPLY SYSTEM - TCE REMOVAL FACILITIES

Gentlemen:

On behalf of the Vanport Township Municipal Authority (Authority), we are returning the bid bond which accompanied your proposal for the subject project. Due to circumstances which developed following the bid opening, there will be no contract award for the project.

Westinghouse Electric Corp. has been implicated by the Pennsylvania Department of Environmental Resources (PaDER) in the contamination of the Authority's well field. The project for which you submitted your bid was to provide treatment of the contaminated water supply.

Since the date of the bid opening, Westinghouse has reached an agreement with PaDER and the Authority to assume the costs for treatment of the Authority's contaminated water supply. The Westinghouse proposal involves the construction of facilities of their own design.

We appreciate your interest in this project and thank you for the preparation and submission of your bid.

Very truly yours,

Dennis E. Graham
