LRP No. 5-4-807-19073**

Dear Ms. Paluh:

On behalf of the Vanport Township Municipal Authority ("VTMA"), I am responding to your letter of July 28, 2016 and to the request therein for information concerning a release and/or threat of release of hazardous substances into the environment at or from the above-referenced facility ("Site").

VTMA reviewed its records and identified and, on August 18, 2016, provided the Department with copies of, documents that they may be responsive to the Department's July 28, 2016 request for information. In addition, in advance of receiving the Department's information request, and on or about July 18, 2016, VTMA provided the Department with copies of documents related to costs incurred, and to be incurred, by VTMA in connection with operation of water treatment equipment that moves hazardous substances from the public water supply operated by VTMA.

Please do not hesitate to contact me with any questions or comments.

Sincerely,

David R. Overstreet
