Rachel:

Attached for your use please find a copy of the Township response letter for your pipeline project.

Point of note, during my review of your project I noticed a possible conflict with a proposed access roadway on page 100 of 224. The construction access roadway is shown in an area where a new office building owned by XTO Corp. has been recently constructed. I'm sure at this point of the project field verification has taken place but I did think it was still worth the mention.

Feel free to contact me with any questions or comments.

Thanks,

Bill

Dear Mr. Roberts,

Please find attached the letter we sent to you on December 22, 2015 in addition to a signed FedEx delivery confirmation. The attachments included with this letter are too large to send via email, so immediately following this email I will be sending you instructions to access the files via an RMFTP site.

Should you have any questions or need further assistance, please do not hesitate to contact me.

Thank you,

Rachel

Subject: Sunoco Pipeline Stormwater Consistency Request

Ms. Silva,

This email arrives in response to your letter dated February 8 requesting the Township issue a floodplain/stormwater management program consistency letter with regard to your proposed pipeline project. No record of your original request has been located in this office so I would respectfully request an electronic copy be forwarded to this email address for proper review and response.

Thank you for your attention to this matter.
