Re: Notification of Elevated Review
Quaker Valley School
Application No. PAD020098
Authorization ID No. 1543260
Sewickley Borough, Allegheny County

Dear Applicant:

On 12/24/25, the District notified you by letter that this application contained technical deficiencies and included a list of the required/deficient information.

The District has reviewed your response submission received on 6/19/26, and determined that your application still contains technical deficiencies. Pursuant to DEP's Permit Review Process and Permit Decision Guarantee Policy (Document # 021-2100-001), your application has entered the Elevated Review process.

Attached you will find a list of the remaining technical deficiencies with your application. You must submit a response fully addressing each of the technical deficiencies set forth above. Please note that this information must be received within 10 business days from the date of this letter, on or before 10/5/26 or the District may deny the application. Alternatively, you may consider a voluntary withdrawal.

Your response must be submitted to DEP and the District using the same method of submission as was used for the original application.

If you do not believe the technical deficiencies can be fully addressed within the required timeframe, you should consider a voluntary withdrawal. If a permit application is denied, there is no recovery of fees available; however, if you voluntarily withdraw the NOI or application and then submit a new NOI or application for the same project, previously paid disturbed acreage fess will be reapplied to the new NOI or application.

If you believe that any of the stated deficiencies are not significant, instead of submitting a response to that deficiency, you have the option of requesting that the District make a permit

decision based on the information you have already provided regarding the subject matter of that deficiency. If you choose this option with regard to any deficiency, you should explain and justify how your current submission satisfies that deficiency.

If you have any questions about the information contained in this letter, please contact Sean Naylor at senaylor@pa.gov or 412.442.4142 and refer to Application No. PAD020098.

Sincerely,

Louis Turka
