Comment Period End Date	<u>May 06, 2018</u>	If No, Reason	<u>Major</u>

Purpose of Application Application for a renewal of an NPDES permit for discharge of treated Industrial

**Internal Review and Recommendations**

The Department of Environmental Protection (DEP) published notice of draft Authorization to Discharge Under The National Pollutant Discharge Elimination System (NPDES) Discharge Requirements for Industrial Wastewater Facilities to Robinson Power Co., LLC in Pennsylvania Bulletin on April 07, 2018 [48 Pa.B. 1954]. A 30-day comment period was provided, and interested parties were directed to submit comments to DEP. The comment period ended on May 06, 2018. DEP received comments from EPA only in which no further change was recommended.

DEP has made a correction on the typo in the Draft Permit. In Page 7, the daily maximum effluent limitation for oil and grease should be 30 mg/L, instead of 20 mg/L. Final Permit has been updated accordingly.

No other comments were received. Permit issuance is recommended.
