Re: Additional Facility for Leachate  
Sanitary Landfill  
Permit I.D. No. 100277  
Rostraver Township, Westmoreland County

Dear Michael Zucatti:

Sanitary Landfill requested written approval from the Department of Environmental Protection (DEP) to transport its landfill leachate to an additional treatment facility. The request to transport landfill leachate from Sanitary Landfill to the Akron Water Reclamation Facility was initially made by email dated May 1, 2024. DEP's May 2, 2024, email response requested that you provide the signed contract that is in place with the Akron Water Reclamation Facility or a letter of intent to enter a contractual agreement for leachate treatment, as required by Municipal Waste Management regulations, 25 Pa. Code Section 273.162 (b)(1). On August 8, 2024, you submitted the executed Agreement with Akron Water Reclamation facility.

This letter grants written approval for leachate from Sanitary Landfill to be transported to the Akron Water Reclamation Facility for processing.

If you have any questions, please contact me at **412.442.4130**.

Sincerely,

Sharon Svitek  
Program Manager  
Bureau of Waste Management
