4. Please provide a brief description of the services your company or organization provides.

We offer full-service recycling of computer and IT equipment with the emphasis on harvesting every bit of recyclable material down to the most basic commodity that we can. We remanufacture printers, fusers, computers and strip the good parts from those that fail. The equipment carcasses and components are then separated into their most basic commodities such as old batteries, green-board, aluminum, and plastics.

5. Would you like to provide a mission statement? (Optional)
