- 1** Another type of NOI may be used to serve the purpose of a Renewal NOI (see [PAG-02 Renewal Scenarios](#)).
- 2** The first annual report for existing permittees (as of December 8, 2024) is due December 7, 2025, unless an NOT is approved prior to this date. The annual report may be submitted anytime between October 1 and December 7. Thereafter an annual report is due by December 7 every year.
- 3** The need for qualified site inspectors begins on December 8, 2025.
- 4** Confirmation testing for infiltration-based SCMs is required starting December 8, 2025. Until that date the questions regarding confirmation testing on the SCM Construction Certification Form may be left blank.
